## TRANSMITTAL OF APPLICABLE OR RELEVANT AND APPROPRIATE REQUIREMENTS (ARARS) STRATEGY MEMORANDUM - SGS-546-94

Enclosed for your review are ten copies of the draft "Master List" of potential Applicable or Relevant and Appropriate Requirements (ARARs) that may apply to the Rocky Flats Environmental Technology Site. EG&G Rocky Flats, Inc. would like to meet and discuss this document at your earliest convenience. If this is not acceptable, please do not hesitate to contact L. M. (Laura) Brooks on extension 6973 or digital page 6166.

## INTEROFFICE CORRESPONDENCE

DATE: October 12, 1994

TO: Distribution

FROM: L. M. Brooks, <sup>LMB</sup> ERPD Program Support, Building 080, X6973

SUBJECT: UPDATE ON APPLICABLE OR RELEVANT AND APPROPRIATE REQUIREMENTS  
STRATEGY - LMB-029-94

DOE Order: 4700.1

Action: ARARs "Master list" review

Attached is the draft "Master List" of potential Applicable or Relevant and Appropriate Requirements (ARARs) that may apply to the Rocky Flats Environmental Technology Site. Engineering Science prepared the list and was directed to include the strategies outlined in the Cutler & Stanfield strategy document. Due to time delays incurred during review of the Cutler & Stanfield strategy document, the draft Master List is being submitted to EG&G and the Department of Energy/Rocky Flats Field Office (DOE/RFFO) for concurrent review.

Please review the draft Master List and be prepared to meet with DOE/RFFO near the end of October. Pay particular attention to the requirements on the list that represent your area of expertise. Please check for accuracy, continuity with existing projects that have ARARs development and existing DOE/RFFO policy, as well identify any requirements that have been omitted.

I will let you know when the meeting to discuss the Master List with DOE/RFFO will occur. DOE/RFFO committed to having the Master List submitted to the agencies in early November. Consequently, I am anticipating that DOE/RFFO will want to review the Master List, discuss the list with EG&G and have revisions made by Engineering Science near the end of October or the first week in November.
